

23 OCTOBER 2024

Session n°15:

How trade infrastructure can boost Caribbean entrepreneurship: Challenges and opportunities

Caribbean Agrifood Business Series ...

Funded by
the European Union

WHO ARE WE

Abby's Exotic Blends is an agro-processing business which specializes in the creation of locally sourced vegetable chips and alcoholic to non alcoholic punches . We are dedicated to crafting unforgettable flavors while setting new standards in efficiency, consistency, and creativity.

WHY CHOOSE ABBY'S

Abby's Exotic Blends provides consumers with a range of high quality vegetable chips and punches made from fresh ingredients, offering a healthier and tastier alternative to existing options on the market.

Concoction That Ignites Your
Senses With Every Vibrant Sip.**

MARKET PRESENCE

Our products are readily available at various outlets such as the local supermarkets, gas stations, hotels, and boutique shops across the island,

OUR CHALLENGES

FINANCING

We are currently seeking funding to expand our production area, maintain our existing facility, and acquire new machinery to enhance operational efficiency.

INTERRUPTED CASH FLOW

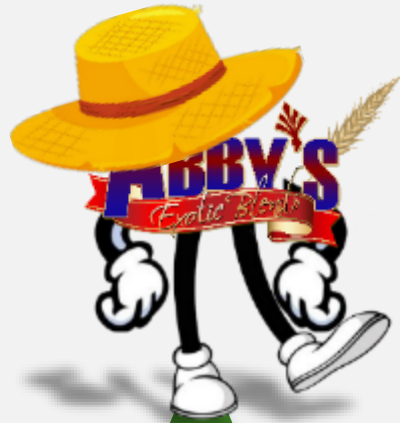

We are required to pay farmers upfront for our produce, while the hotels we supply take up to a month to pay us after delivery. This delay disrupts our cash flow.

The background features a bright yellow sun in the top left corner. Below it are three green hills of increasing size from left to right. Stylized green leaves and branches are scattered around the edges of the slide. A large, light blue cloud-like shape frames the text on the right side.

SECURING LAND

Accessing property to cultivate our own produce has proven challenging due to difficulties in navigating government processes.
