

31 MARCH 2026

Session n°20:

# Financing Caribbean agrifood entrepreneurs: strategies to access investment

*Caribbean Agrifood Business Series* ...

Funded by  
the European Union

# About AgriFI

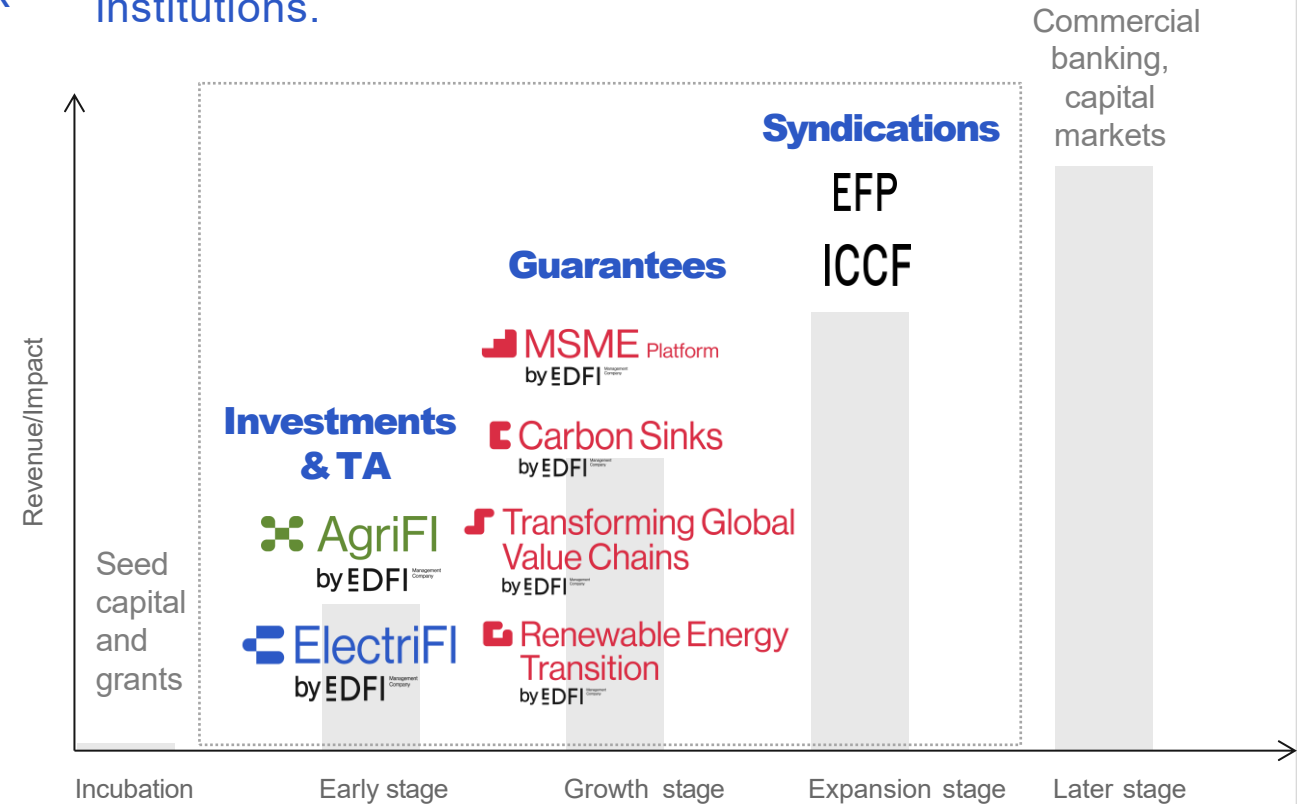

managed by EDFI Management Company

We empower entrepreneurship  
in frontier markets

# EDFI MC: a partner of choice for impact driven investments

EDFI MC was **created in 2016 by 15 EDFIs** to deliver development finance solutions that enable DFIs and private sector investors to invest more and in higher risk projects than they would otherwise be able to do

EDFI MC is the **European DFI's joint platform** for developing and delivering innovative development finance solutions to the private sector in partnership with the EU institutions.

AgriFI is one of the **EU development blending instruments** aiming to invest in sustainable agriculture projects with high impact on smallholders

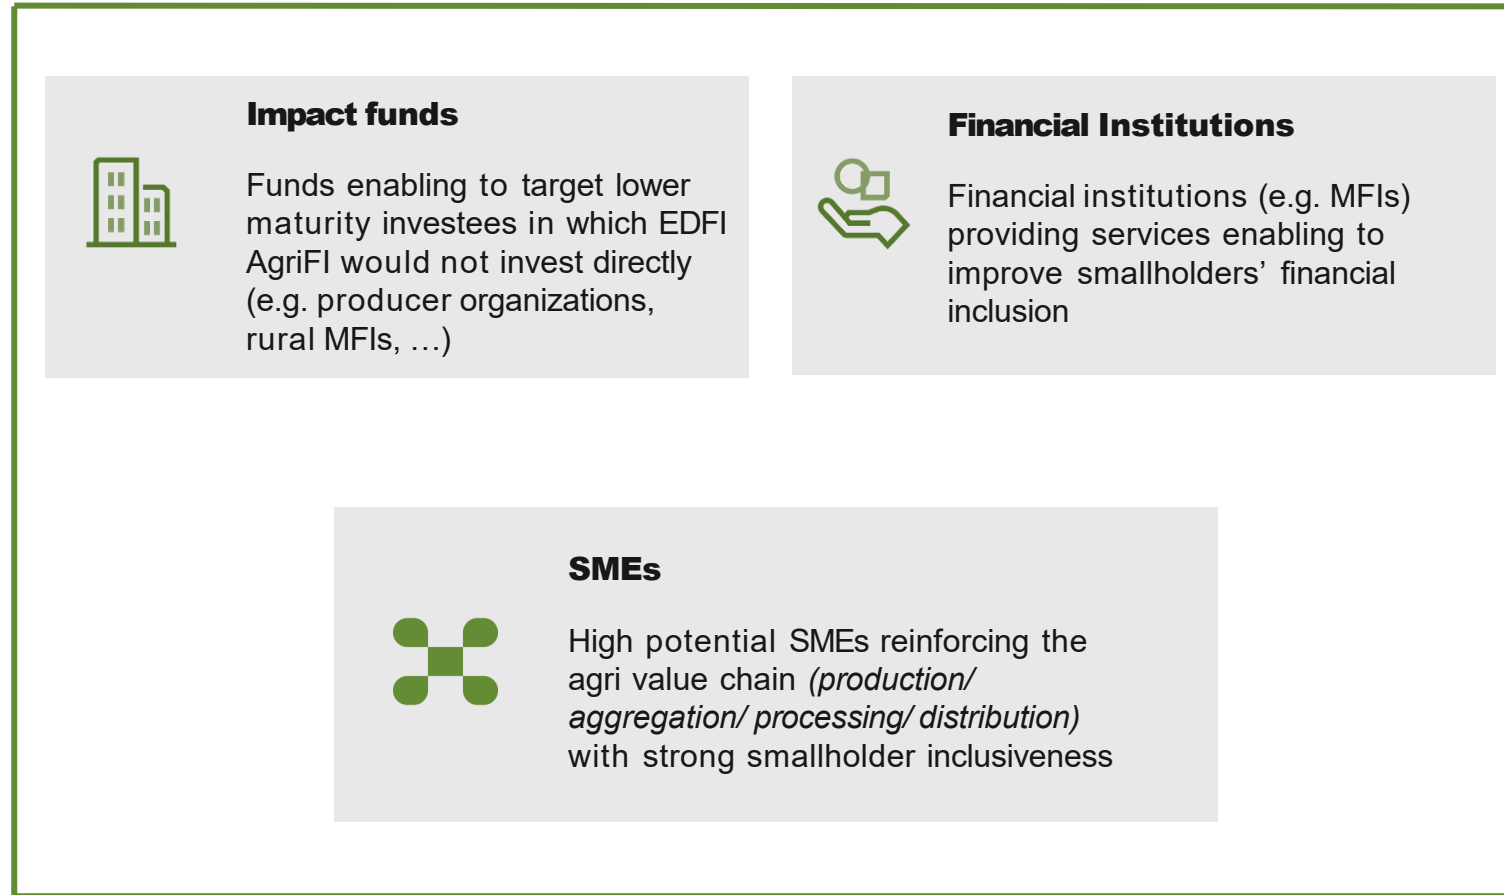

The European Union funded Agriculture Financing Initiative

AgriFI contributes to Global Gateway, the EU's investment strategy for partner countries, which aims to mobilise EUR300 billion in investments between 2021 and 2027 with a mix of grants, concessional loans and guarantees to de-risk private sector investments.

# We finance three types of businesses to reach out to smallholders

## Eligibility criteria

- **early-stage private** companies;
- from **agri-food/agroforestry industry**;
- **impact-driven** and focusing on **smallholder's inclusiveness**;

investments in private sector enterprises active in the agri food value chain across countries listed in the OECD DAC list.	projects in member countries of the Organisation of African, Caribbean and Pacific States. Focus on food security and 10 high chains (sugar cane, dairy, cashew,	supporting the modernization of Ghanaian agri-food systems in northern regions, focusing on seven high potential crops (cashew, rice, sorghum, soya and vegetables).	tailored by the EU Delegation to focus on nationally important value chains such as tea, coffee, and horticulture.	supporting the agriculture sector, with a focus on organic agriculture, cold chain development, and food processing to reduce food waste and post-harvest losses.	

# We have invested EUR 60.8 m in 22 companies

# We are impact driven and target 4 main SDGs in our investments

Reached

**1,836,522**

smallholder farmers, improving their livelihoods and economic stability

Supported the production of

**2,695,235**

tons of food per year, enhancing food security in target regions

Facilitated the cultivation of

**1,834,570**

hectares of land, promoting agricultural productivity and economic development

Mobilised

**108,500,000**

euros, including EUR 40m from 4 EDFIs on 10 transactions

These metrics demonstrate the tangible impact of our investments on poverty reduction, food security, and economic growth. By supporting smallholder farmers, increasing food production, and expanding cultivated land, AgriFI is making significant strides in fostering sustainable agricultural development and improving rural livelihoods across our target regions.
